

## MORE THAN A BOOK CLUB

Well-Read Mom (WRM) is a book club for women who want to accompany one another in reading the classics, great books, and timeless spiritual works from the Western and Catholic traditions. Our book selections for each year correspond to the themes of a woman's life: mother, daughter, sister, friend, worker, pilgrim, and contemplative.

### MEMBERSHIP MATTERS

We want *all* women who participate in Well-Read Mom to enjoy our beautiful materials. When you join WRM, you're not just purchasing a product, you're joining and supporting a movement of women who want to read more and read well!

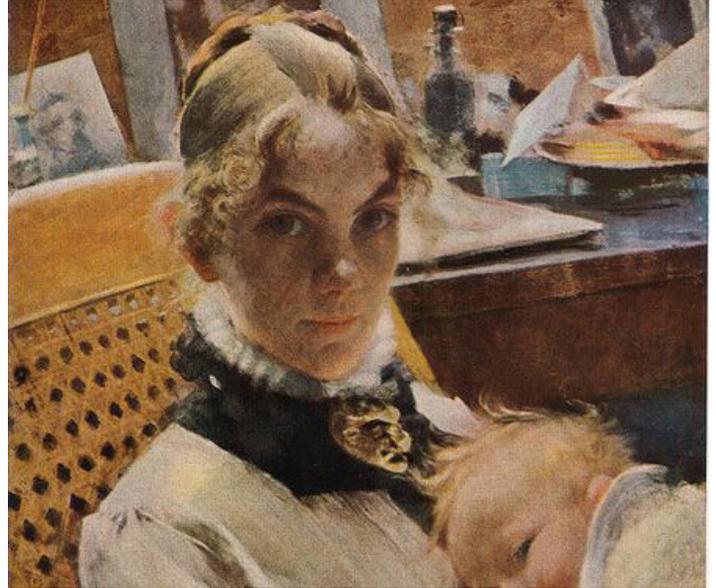

*For this reason, we are asking each woman who participates in a WRM group to officially register as a member.* Each member will sign up under her group leader.

All of the resources we provide for your WRM experience are paid for by membership, at a cost to you of less than \$3.50 a month.

Materials for the 'Year of the Contemplative' make it easy to lead or be part of a group. Women who consistently use the materials tell us they have a richer experience of Well-Read Mom and are more connected to our mission. Materials include:

- The **Reading Companion** – an *enhanced workbook format* with author biographies, book reflections, discussion questions, literary criticism, reading log, space to record your favorite quotes and burning question, and notes from your meeting.
- Monthly **audio resources** to enrich your reading and group discussion. Audios include an introduction to each book that explains why it was chosen and what to look for in your reading.
- Ongoing **access to members-only features and bonus materials** such as interviews, articles, and videos to help us go deeper into the year's selections.
- Inspiring and encouraging **members-only podcasts** on our favorite themes such as restorative leisure, nurturing a mother's heart, how to find more time to read, and the relationship between reading great books and affecting cultural change.
- A beautiful **bookmark** with our 'Year of the Contemplative' artwork and booklist

*Join a movement of women changing  
the culture one book at a time!*

- **Access to previous years' themes and booklists**
- **Optional text messages** sent to your phone to help you access WRM podcasts and monthly audios.

### WHAT WOMEN ARE SAYING

"Could a book club for moms change the world one reader at a time? I think that's exactly what is happening. This is not just a way to spend my limited free time. It is a way to improve my life. It makes me a better, more thoughtful person. When I'm a better, more thoughtful person, I am a better, more thoughtful mother, and my children can only benefit from that. I'm not sure that "better mothering through book clubs" is a thing yet, but if it's not, it has to be on the rise, thanks in large part to WRM." – Abbey Dupuis
